LANGUAGE COURSES

FOR KIDS & TEENS (6 - 19 YEARS)

IN BELGIUM, FRANCE & ENGLAND

@VZWROELAND

THE ROELAND EXPERIENCE

QUALITY FIRST

For over 45 years, Roeland has been synonymous with the best quality. Our language courses offer children and teenagers a total immersion in the foreign language, in a creative, playful and innovative atmosphere. At the end of a language course, they will feel a lot more self-assured when using the target language, which will no longer feel 'foreign' to them.

EDUCATIONAL

Our total immersion method allows the participants to learn a great deal during our language courses. Lessons are taught in groups of around 10 participants, depending on age and language skills.

The course materials have been developed by experts in foreign language courses and are closely linked to the participants' daily lives.

Our language courses take place in areas where the target language is spoken locally. Contact with the locals, immersion in a foreign culture as well as excursions in the area: this combination turns the course into an enriching experience.

ENTERTAINING

Roeland language courses aren't just educational, they are also a lot of fun!

There's a wide range of recreational and creative activities: workshops, all kinds of sports, big games, singing sessions, excursions, ... these activities will stimulate the participants to actively use the foreign language in all kinds of very different situations.

All of this variety turns the language course into a one-of-a-kind experience! So many youngsters pick Roeland as their destination year in, year out. Words often do not do the experience justice. You have to have been there!

PROFESSIONAL SUPPORT

Each of our language courses has 1 instructor for every 4 participants.

An instructor is at least 18 years old. Their selection is a careful process and they receive additional training during the year.

Our direction teams are assembled from native speakers or trained experts (primarily language teachers) with ample experience as Roeland collaborators.

There is no other organization offering this level of solid, quality support.

OUR FUNDAMENTAL PRINCIPLES

FOCUS ON TARGET LANGUAGE

12-19 YEARS

The target language is always the central focus at Roeland. Students and instructors speak only the target language for the duration of the camp. If participants deliberately keep speaking their own mother tongue, we will contact their parents.

JUNIOR (7-13 YEARS)

The instructors of the junior camp speak the target language at all times, but the children are allowed to speak their mother tongue amongst themselves. In this age group we are more flexible with this basic principle, as the children do not yet possess enough basic knowledge of the language to be able to express themselves properly in the target language.

ACTIVE PRESENCE

Our instructors encourage students to speak the target language all day long - at mealtimes, while they are doing sports, during workshops and on outings. This ensures that for kids, language learning is a natural process and progress feels effortless.

We listen to the kids and allow them to make their own contributions to ensure that each camp is a successful and unique learning experience. From the age of 15 onwards, young people are given more freedom to arrange various aspects of their language vacation to suit them. We give them more responsibility and ensure that they get to have their say.

CORRECTION

Our experienced language instructors are always on hand to help our students. They tactfully correct any language mistakes while encouraging the students to improve their knowledge of the language they are learning. The individual attention they receive ensures that students make great progress during our language courses.

There will be three classes each day. During the 'theme workshop' we will learn new vocabulary, which is then put to use in the 'game workshop', where new words are practised in a playful way. In the afternoon, the activities in the 'communication workshop' help to bond the group.

Every morning there will be sports, and in the afternoons there will be crafts and an organised game. There will be a cool theme linking all the different entertainment together. Don't forget to bring your swimming things, as we are planning a trip to the pool.

The bedrooms were refurbished last year. Children sleep in single or double rooms.

FAMILY ATMOSPHERE IN ANCY (FRANCE)

A passionate team of language instructors ensure this is a unique language experience with lots of activities to choose from. There will be a couple of movie nights (including popcorn!) and on the last evening we will be holding a garden party where you can enjoy a delicious cocktail.

We will be staying in gîtes in the heart of Burgundy. We plan to split the group in two; one half will stay in Lézinnes, the other half in July. You will be part of a small group, so everyone will soon get to know each other. You will be asked to help out in the kitchen, and you can go cycling or canoeing for relaxation. In Lézinnes you can even plunge into the river which runs alongside the gîte.

We will be going on two excursions as a group: a 'culture and city' afternoon in Troyes (with a city game) and a day of 'culture and sports' in Vézelay (with a picnic and an afternoon at the aqua park.) After the excursions, the group swap gîtes, so you get to spend the second half of the camp in the other location.

MUSICAL / ART

LONDON

Is your English already pretty good? Would you like to have a unique experience in a fabulous city? Do you learn best outside the classroom environment? If so, come and have an adventure in London!

For the younger students (14-16) we have picked a great location just outside London, in a green area with lots of space for sport and games. The older students (16-19) will be staying in Camden, right in the heart of the city.

LONDON CITY

Are you a fan of all things hip and trendy? Then you will love Camden Town. The language school where we stay has well-appointed two-person studios and a nice communal area with a great holiday atmosphere.

We will be taking a personal approach, with project work, workshops and lots of culture. The city itself will be your classroom: we will be playing a get-to-know-London game, visiting museums and other hotspots and wandering around cool markets.

Also on the programme is a trip to the theatre (Shakespeare at The Globe Theatre) and a fantastic musical. You can also check out the latest street art and get to know the city of Oxford.

LONDON ACTIVE

If you love city life, but you also like to be surrounded by nature, then this language camp is perfect for you! Lee Valley youth hostel is on the edge of London, surrounded by greenery and close to a small lake. Participants sleep in rooms of between three and eight people.

There is no shortage of cool activities on offer. We will be building rafts and doing plenty of sport. There will also be a dance workshop. Language classes are informal and project-based; the vocabulary you will learn is based on the activities you will be doing on the camp.

We will also be taking a trip to the heart of London. You will play a city game which will allow you to discover the highlights of this fantastic city. You will also get the chance to see a spectacular musical - you'll have to wait and see what it is! You can also choose from a variety of activities. If you're brave enough you can also check out the rollercoasters on a visit to Thorpe Park.

DAY TRIP TO THE BEACH

GHENT

This summer, we will be based in the Nouveau Bois school, which is an oasis of calm and greenery in the middle of the bustling city of Ghent. This unique setting gives an urban flavour to our various activities.

We will regularly leave the classrooms and engage in active learning in the shopping areas and parks.

We will be speaking to passers-by, and perhaps we will learn why Ghent residents have a reputation for stubbornness.

We will also be taking trips to the seaside as well as to Blaarmeersen Sports and Recreation Park, where a range of different activities are planned for both the younger children (12-14) and the older group (15-18).

In the school grounds there is a multi-sports hall, two recreation rooms, tennis courts and volleyball, basketball and football pitches. Accommodation is in single rooms.

SPORT & CULTURE

You will explore the city of Ghent with its historic buildings. We will be impressing passers-by as we sail along the Château des Comtes and Quai aux Herbes in kayaks or stand-up paddle boards.

We will be taking a trip to the Blaarmeersen Sports and Recreation Park to do a survival course. We hope to make the most of the fine weather with a trip to the coast.

If you opt to extend your stay, a visit to the Ghent Festival will be on the cards!

Don't forget your evening wear for the themed evening parties. In the evenings we will be running a casino night and a film night, and the holiday ends with a fantastic party! Learning Dutch has never been such fun!

GHENT

ACTIVITY & INVOLVEMENT

We will explore the city and take the opportunity to mingle with the locals. The Ghent Festival, which falls in the second half of the holiday, showcases Ghent's many unique charms. This wonderful city setting ensures an unforgettable stay. However, we will also be venturing beyond the city itself.

Don't forget to pack your beachwear and sunscreen, as we will be heading to the seaside to take a dip and enjoy the weather.

We will also be doing watersports at Blaarmeersen. The more adventurous amongst you might want to try our tricky climbing course.

Don't forget your shirt and dicky bow or a little black dress. In the evenings, we will be holding a casino evening, a trip to the cinema or a concert as part of the Ghent Festival. Do you like to get people up on the dance floor? Maybe you can be our guest DJ for our fabulous closing party!
