10 Reasons to Choose Roeland

1. Language Immersion

Are you taking part in the Junior Camp (for 7-12 year-olds)?

Our language coaches speak only in French or English and use fun language games to encourage you to speak a foreign language. You are allowed to speak your own language when you are chatting with your friends. Every day there is a 'language break', a moment when the language coaches give you some extra explanation in your own language. After a week at camp you will find that you have learnt a lot of new words and you will even be able to form short sentences. This should make you feel very proud of yourself!

Are you older than 12?

Over 12's are given total French or English language immersion. How does this work? The language coaches speak only in the foreign language you are learning and they encourage you to do the same by way of fun language games, sports and challenges. The coaches understand that, during the first few days, it may seem a little strange to you to be speaking French, Dutch or English, but it really is the best way to learn a new language. Making mistakes is part of the learning process - you will probably be making quite a few! The important thing is to keep trying, and that's what the language coaches want from you. If you keep trying, before you know it you will be babbling away in French, Dutch or English without giving it a second thought. We promise!

2. Lessons?

Boring language lessons? No way! We don't offer lessons; we offer language workshops. These workshops give you the chance to practise the vocabulary and grammar that you learn at school. How will you learn? We use videos, the internet, group work and fun challenges. You will be speaking French, Dutch or English without even realising it. Of course, there is a bit of grammar now and again, just to be sure that you have a good understanding of the basics.

3. Language Coaches

Our language coaches are all at least 18 years old. Most of them are either native or completely fluent French, Dutch or English speakers. Roeland ensures that they are given regular training.

4. Cool Coaches

The cool Roeland coaches are there to ensure that the language workshops, activity workshops, games and outings are all great fun. They also encourage you to speak French, Dutch or English. Roeland is quite unique in that we have a ratio of one coach to four participants. This ensures that you receive as much help as possible in learning a new language.

5. Horse Riding or Kayaking

How about a day at Disneyland Paris, a canoe trip in the Champagne region, dance, theatre, hiking or horse riding? There's something for everyone.

6. Travelling Together

For camps with overnight stays, bus travel to and from the camp is included in the price. That way, you can get to know your fellow campers during the bus ride and make friends whilst speaking your own language. Our team will be waiting to welcome you with open arms!

7. Ten out of Ten for Ambience

A good atmosphere is very important to us at Roeland. That's why we expect everyone to join in with all the group activities. You are always encouraged to share your ideas, and if there's anything worrying you, you can always talk to a member of the team. Our coaches are there to ensure everyone's wellbeing. Bullying and discrimination will not be tolerated.

8. Questions

Can I share a room with my friend? What should I bring? Will there be a test? How do I sign up? Can I get a discount? Check the Frequently Asked Questions (FAQ) section of the website at www.roeland.be and you are sure to find an answer to your question.

Do you have a question about a specific camp or a particular request? Or is there something we should know about you before you come to camp? Feel free to send us an email or phone us.

9. What about your Mobile Phone?

If you are participating in a Junior camp (age 7-12) then we ask you to leave your mobile phone at home. Some kids in this age group don't have a phone, and we don't want anyone to feel left out. If you are ill or feeling homesick then of course the camp leader will get in touch with your parents.

We understand that over 12's might find it hard to leave their phones at home for a week or longer, so they are allowed to bring them to camp. However, there are some rules: You are not allowed to have your phone in your pocket all day or to talk on your phone, as then you will be speaking your own language. We will make sure there are a few moments every day when you are allowed to send text messages. We will keep your parents updated via our blog and photos on our website.

10. Health

Smoking is not allowed at camp, even if your parents allow it. You might not like this rule, but it is for the benefit of your own health and that of others at camp.

"English all day, every day"

“Some children are worried that the language labs on our language camps will be too difficult for them. But as soon as they arrive at camp, they realise that they already know many words in the foreign language they have come to learn”, says Roeland volunteer Brecht De Geyter. “We build on what the participants already know. This helps to increase their self-confidence.”

Brecht: “We encourage the children and young people to speak English all the time. If they do slip back into their mother-tongue, we try to explain to them that the best way to learn a new language is by actively using that language. We operate a zero-tolerance policy and they understand that, but sometimes the temptation to go for the easy option is just too great.”

“It might all sound a bit strict and disciplined, but that is not really the case. In daily life, I work as an English and Biology teacher and I see clear differences between a Roeland camp and school.”

Small Groups

“At Roeland we split the children and young people into groups according to their level. This ensures that we quickly form a personal bond with them and find out what their interests are so that we can focus on those subjects in our language labs. In a class of 25 people, that just isn’t an option.”

“We plan three language labs per day, each lasting between one and one and a half hours. In between the language labs we offer sport, games, theatre classes, workshops etc. All that enthusiasm, solidarity and playfulness is then carried into our language labs. This is essential; otherwise the transition from activity to language lab would simply be too challenging.”

Themed Days

“I’m a huge fan of the themed days which we organise at the Sutton Town camp. This camp welcomes participants from all around the world: Austria, Hong Kong, Iceland, Mexico, Argentina, Italy...On International Day, for example, the children and young people set up an international market and tell others all about their home land, including tips about their country and its culture. And on Fright Night, each group produces a scary musical. The themed days are the best way to encourage the young people to get to grips with a language. Everyone wants to work together and do their absolute best for the benefit of the whole group.”

50 Years of Roeland

“Roeland will be celebrating its 50th birthday in 2020. Many mums and dads who went to Roeland camps themselves as a kid realise how important it is to be able to speak other languages in today’s multi-lingual society. But more importantly, they want their own children to create great memories at Roeland - just like they did themselves.”

Live the good life in France! You will be visiting the beautiful region of Burgundy and learning about its rich culture, as well as enjoying a relaxed family atmosphere.

Activities

You will be staying in two lovely gîtes in the heart of Burgundy. The groups are small, with around 20-25 people per group, so there are plenty of opportunities to add your own input and to make friends for life. Who would like to help to make dinner? It's fun to cook with your friends!

The daily language labs are in groups of eight. These are not like school classes, though. They are discussion sessions where you can talk to other young people who are at the same language level as you.

Luckily, you do not need to choose between July or Lézinnes. We split the group in two and you switch locations halfway through camp. Both of these lovely camps are in beautiful surroundings and will make you feel at home right away.

Excursions

- Enjoy an action- and fun-packed day at Vézelay or Avallon, the most famous *plus beaux villages de France*.
- Discover hidden corners of the medieval city of Troyes

Location

In July, you will be staying in an old farm. The swimming pool and barbeque in the garden ensure you will enjoy a great holiday vibe and when the weather is good you can have breakfast in the garden. The nearby woods are ideal for a relaxing walk or bike ride. You will sleep in two-person bedrooms.

In Lézinnes, you will be staying in an old mill on the river. The water literally flows under the gîte - you can actually see the river under a glass section of the floor! Don't forget your swimming things - you will need them for a dip in the pool or a kayak trip. You can relax in the green surroundings and there is a tennis court and a basketball court. You will be sleeping in small dormitories.

Roeland Social Projects

Since 2008, Roeland has been organising day camps for foreign language newcomers. The target group is children and young people who have recently arrived in Ghent. The children learn Dutch in a playful way and discover the leisure possibilities on offer in Ghent. In this way, Roeland reaches approximately 150 young people of 30 different nationalities each year. In 2017, we received the “Youth Work for Everyone” prize for this project from the Province of Oost-Vlaanderen.

Since 2018, we have also been organising Playful Summer, day camps in Dutch for children with a language delay. This project runs in partnership with Brede Schools Ghent.
